

2021-2022 Sponsorship Program

The Shelby County High School Band Corporate Sponsorship program is intended to help the Shelby County High School Band fund capital purchases such as uniforms, instruments, equipment, transportation, etc. The second purpose is to help students fundraise to offset the cost of Band Fees. Band students and families are encouraged to seek out financial support from businesses to serve these purposes. Donations made to the Shelby County High School Band for these purposes are considered tax-deductible donations. Fifty Percent (50%) of the funds received from the "Member Sponsorships" will be applied as a Fundraising Credit towards a student's band account to help offset the cost of Band Fees. The other 50% of the funds received will be applied to the operations budget of the band to fund capital investments such as uniforms, instruments, equipment, transportation, etc. For each sponsorship, the attached form should be completed and payment should be made in the form of a check made to the Shelby County High School Band. All donations and levels of sponsorship are on a yearly basis and are good from August 1 (2021) until July 31(2022).
