NAME:_____ MOD: _____ DATE: _____

What is chance music? Aleatoric music (also aleatory music or chance music; from the Latin word alea, meaning "dice") is music in which some element of the composition is left to **chance**, and/or some primary element of a composed work's realization is left to the determination of its performer(s).

We will be composing some “chance music” with dice, but we will plan some aspects of the composition.

What major scale will be the basis of your composition? _____

1st	2nd	3rd	5th	6th	8th
____	____	____	____	____	____
